Advertising Policy

Advertising is subject to approval by the American Medical Association (AMA), which reserves the right to decline advertising deemed not in keeping with the publication's standards. Advertising orders are accepted subject to the terms and provisions of the current rate card, and conditions set forth in *Principles Governing Advertising in Publications of the American Medical Association*, which by this reference are made part of this rate card.

No conditions, printed or otherwise, appearing on insertion orders, billing instructions, or copy instructions conflicting with AMA's stated policies shall be binding on publisher. Positioning of advertising is at discretion of the publisher, except when a preferred position has been confirmed in writing by Advertising Services. Conditions other than rates are subject to change by publisher without notice. All new advertisements should be faxed to Denise Steinhauser at (312) 464-5840 for approval.

Combined Frequency Savings

All pages in *JAMA* and the *JAMA* Specialty journals combine to determine an advertiser's earned frequency level. ROB full pages, fractionals, and insert pages each count as 1X toward the earned frequency during one contract year.

Prescribing Information (PI)/Important Safety Information (ISI) Discount:

Advertisers earn a 50% discount beginning with the 3rd PI/ISI page.

2017 Advertiser Savings Program (ASP)

The 2017 Advertiser Savings Program is effective with January 1, 2017, insertion orders.

The 2017 Advertiser Savings Program is based on an advertiser's 2016 gross advertising in all of the American Medical Association's print and digital media, except covertsips.

- For example: In 2016 an advertiser placed \$4,250,000 in advertising space with the American Medical Association publications. The advertiser will receive a 6.0% savings on all 2017 advertising space, beginning with January 2017 orders.
- When advertiser's 2017 gross advertising expenditure exceeds its 2016 gross advertising expenditure, the advertiser will be afforded the next highest earned savings for all additional 2017 dollars that surpassed the 2016 amount.

The Advertiser Savings Program follows all policies pertaining to existing AMA combined earned frequency previously established by the AMA. These combined earned frequency policies are outlined in each AMA publication's rate card. The Advertiser Savings Program applies to recognized advertiser parent companies and their subsidiaries.
