JAMA Internal Medicine, a peer-reviewed, primary source journal, is widely recognized by physicians as the most relevant and practical journal in its specialty. Original studies present detail essential to sound clinical decision making, while *JAMA Internal Medicine's* reader-friendly features serve clinicians' depth of information on demand. Each issue offers a spectrum of articles relevant to everyday practice in general IM and subspecialty areas.

The IM Product Continuity Program offers a way to maximize the value of your products' ad schedules, while the *JAMA Specialty Network* lets you target unique specialty audiences with more flexibility and value than ever before. For details, refer to information on page 6.
