Correction

Errors in Table 2

In the Original Investigation titled "Impairment and Disability Identity and Perceptions of Trust, Respect, and Fairness,"1 published on September 22, 2023, in Table 2, the crude \( P \) value for age \( \geq 75 \) years was missing a decimal place; additionally, some "NA" and "1 [Reference]" labels had been mistakenly transposed across some cells in the odds ratio and \( P \) value columns. This article has been corrected.1
