Author Affiliations: National Clinical Scholars Program, University of California, Los Angeles (Saadi); American Civil Liberties Union of Southern California, Los Angeles (Ahmed); New York City Health and Hospitals, New York, New York (Katz).

Corresponding Author: Altaf Saadi, MD, National Clinical Scholars Program, University of California Los Angeles, 10940 Wilshire Blvd, Ste 710, Los Angeles, CA 90024 (asaadi@mednet.ucla.edu).

Conflict of Interest Disclosures: The authors have completed and submitted the ICMJE Form for Disclosure of Potential Conflicts of Interest and none were reported.

CORRECTION

Data Errors in Table: In the Original Investigation entitled “Association of Changes in Air Quality With Bronchitic Symptoms in Children in California, 1993-2012,”1 published in the April 12, 2016, issue of JAMA, there were data errors in Table 1. This article was corrected online.

Incorrect Funding/Support Section: In the Original Investigation entitled “Effect of Low-Fat vs Low-Carbohydrate Diet on 12-Month Weight Loss in Overweight Adults and the Association With Genotype Pattern or Insulin Secretion: The DIETFITS Randomized Clinical Trial”1 published in the February 20, 2018, issue of JAMA, the information regarding grant T32HL007034 should have been “grants 1K12GM088033 and T32HL007034 from the National Heart, Lung, and Blood Institute” and “funding from the Nutrition Science Initiative.” This article was corrected online.

Guidelines for Letters

Letters discussing a recent JAMA article should be submitted within 4 weeks of the article's publication in print. Letters received after 4 weeks will rarely be considered. Letters should not exceed 400 words of text and 5 references and may have no more than 3 authors. Letters reporting original research should not exceed 600 words of text and 6 references and may have no more than 7 authors. They may include up to 2 tables or figures but online supplementary material is not allowed. All letters should include a word count. Letters must not duplicate other material published or submitted for publication. Letters not meeting these specifications are generally not considered. Letters being considered for publication ordinarily will be sent to the authors of the JAMA article, who will be given the opportunity to reply. Letters will be published at the discretion of the editors and are subject to abridgement and editing. Further instructions can be found at http://jamanetwork.com/journals/jama/pages/instructions-for-authors.

A signed statement for authorship criteria and responsibility, financial disclosure, copyright transfer, and acknowledgment and the ICMJE Form for Disclosure of Potential Conflicts of Interest are required before publication. Letters must not duplicate other material published or submitted for publication. Letters not meeting these specifications are generally not considered. Letters being considered for publication ordinarily will be sent to the authors of the JAMA article, who will be given the opportunity to reply. Letters will be published at the discretion of the editors and are subject to abridgement and editing.
