

**CORRECTION**

Error in Corresponding Author Information: In the Case Report titled "A Woman in Her 70s With Hypotension, Diffuse ST-Elevation, Murmurs, and an Intracardiac Mass," published online June 30, 2021, in *JAMA Cardiology*, there was an error in the corresponding author information. The corresponding author’s email address has been corrected to “n-shiro@med.mie-u.ac.jp.” All other information is correct and unchanged.

**Errors in Table 2, Limitations, and Visual Abstract:** In the Original Investigation titled "Effect of Paroxetine-Mediated G-Protein Receptor Kinase 2 Inhibition vs Placebo in Patients With Anterior Myocardial Infarction: A Randomized Clinical Trial," published online July 14, 2021, in *JAMA Cardiology*, there were errors in Table 2, Limitations, and the Visual Abstract. In Table 2, Week 18 under Placebo should be Week 12, and the number of participants for that column should be 18. In the Limitations, a parenthetical explanation was inadvertently included in the text during manuscript editing. In the Visual Abstract, the article was incompletely cited. This article was corrected online.

**Error in Author’s Name:** The Original Investigation titled "Skeletonized vs Pedicled Internal Mammary Artery Graft Harvesting in Coronary Artery Bypass Surgery: A Post Hoc Analysis From the COMPASS Trial" was corrected to correct the spelling of the eighth author’s surname to Faisal G. Bakaee. This article was corrected online.
