CORRECTION

Errors in Text, Table, and Figure: In the Research Letter titled "Days at Home after Transcatheter vs Surgical Aortic Valve Replacement in Intermediate-Risk Patients,"¹ published Online First on October 20, 2021, and in the January 2022 issue of JAMA Cardiology, Medicare Advantage patients were mistakenly included in the analysis, which resulted in errors in the text, the Table, and the Figure. A Letter of Explanation² has been published that explains the errors. This article was corrected online.
