Correction

Omitted Description of and Citation to Previously Published Related Study

In the Original Investigation titled, "Comparison of Drugs Used for Adjuvant and Metastatic Therapy of Colon, Breast, and Non-Small Cell Lung Cancers,"1 published on April 10, 2020, in JAMA Network Open, the authors failed to describe and cite a previously published study2 that reported a conceptual model that informed the design of this study. The article has been corrected to add a description of and citation to this previous study to the Methods section and to add a note to the legend of Figure 1 that its presentation and format were based on a figure in the previous study.
