Correction

Missing Initials in Author Names

In the Original Investigation titled "Assessment of Acute Kidney Injury and Longitudinal Kidney Function After Hospital Discharge Among Patients With and Without COVID-19," published March 10, 2021, middle initials were missing from 3 author names. The names should have been listed as Jason H. Greenberg, MD, MHS; Sherry G. Mansour, MD, MS; and Dennis G. Moledina, MD, PhD. This article has been corrected.
