Correction

Error in Results and Table

In the Research Letter titled, “Comparison of Screening Colonoscopy Rates After Positive Noninvasive Testing for Colorectal Cancer in States With and Without Cost-Sharing,”1 published June 14, 2022, there was an error in the Results and in Table 2. The 95% CI for the odds ratio of patients in Oregon receiving any colorectal cancer screening after policy implementation should have been listed as 1.00 to 1.12. This article has been corrected.1
