Correction

Errors in Figures 2, 3, and 4

In the Original Investigation titled "Comparison of Clinical Outcomes and Safety Associated With Chlorthalidone vs Hydrochlorothiazide in Older Adults With Varying Levels of Kidney Function," published September 15, 2021, there were errors in the y-axis labels in Figures 2, 3, and 4. These should have read "Incidence rate per 1000 person-years." This article has been corrected.
