CORRECTION

Errors in Figure and in Table Titles: In the Original Investigation titled “Comparison Between the 2021 USPSTF Lung Cancer Screening Criteria and Other Lung Cancer Screening Criteria for Racial Disparity in Eligibility,” published online January 13, 2022, and in the March 2022 print issue, the solid horizontal line on the lower right side of the Figure should be labeled “Specificity,” not “Sensitivity.” Also, the title to Table 3 should read “Sensitivity of Fixed Criteria and Risk Prediction Based Criteria for Screening Eligibility Among Patients With Lung Cancer in the Inflammation, Health, Ancestry, and Lung Epidemiology Study,” and the title to Table 4 should read “Specificity of Fixed Criteria and Risk Prediction Based Criteria for Screening Eligibility Among Controls in the Inflammation, Health, Ancestry, and Lung Epidemiology Study.” This article was corrected online.
