**Archives Web Quiz Winner**

Congratulations to the winner of our May quiz, Anita Agarwal, MD, Vanderbilt Eye Institute, Van-
derbilt School of Medicine, Nashville, Tennessee. The correct answer to our May challenge was en-
dogenous endophthalmitis caused by *Salmonella*. For a complete discussion of this case, see the Research
Letters section in the June *Archives* (Rachitskaya AV, Flynn HW Jr, Davis JL. Endogenous endophthalmiti-
130[6]:802-804).

Be sure to visit the *Archives of Ophthalmology* website (http://www.archophthalmol.com) and try your
hand at our Clinical Challenge Interactive Quiz. We invite visitors to make a diagnosis based on selected
information from a case report or other feature scheduled to be published in the following month’s print
edition of the *Archives*. The first visitor to e-mail our web editor with the correct answer will be recognized
in the print journal and on our website and will receive a 1-year complimentary online subscription to
*Archives of Ophthalmology*.
