Additional Contributions: We thank our colleagues at NASA for their invaluable contribution to this letter and to the study of spaceflight-associated neuro-ocular syndrome.

Editorial Note: This letter was shown to the corresponding author of the original article, who declined to reply on behalf of the authors.

CORRECTION

Error in Spelling of Author Name: The Original Investigation titled “Sudden-Onset Headache and Binocular Vertical Diplopia in a Young Patient,”1 published online April 7, 2022, was corrected to fix the spelling of the second author’s surname.

Update to Open Access Status: In the Original Investigation titled “Defining Non-adherence and Nonpersistence to Anti–Vascular Endothelial Growth Factor Therapies in Neovascular Age-Related Macular Degeneration,”1 published on June 3, 2021, in JAMA Ophthalmology, the authors updated the status of the article so that it is now Open Access. This article has been corrected online.
