CORRECTION

Errors in Abstract and Text: In the Original Investigation titled “Multispecies Probiotic for the Prevention of Antibiotic-Associated Diarrhea in Children: A Randomized Clinical Trial,” 3 probiotics were misspelled. Lactocaseibacillus paracasei W20, Lactoplantibacillus plantarum W62, and Lactocaseibacillus rhamnosus W71 have been corrected to Lacticaseibacillus paracasei W20, Lactiplantibacillus plantarum W62, and Lacticiaseibacillus rhamnosus W71. This article was corrected online.

Error in Open Access Status: The Original Investigation titled, “Assessment of Variation in US State Laws Addressing the Prevention of and Response to Teen Dating Violence in Secondary Schools,” 1 published online June 13, 2022, was changed to open access status under a CC-BY license. The article has been corrected online.

Errors in Text, Figure, and Supplement: In the Research Letter titled “A Difference-in-Differences Analysis of Youth Smoking and a Ban on Sales of Flavored Tobacco Products in San Francisco, California,” 1 published online first on May 24, 2021, and in the August 2021 issue of JAMA Pediatrics, there was an error in the time frame for the 2019 wave of the San Francisco district Youth Risk Behavior Surveillance System survey. The data were collected between November 5, 2018, and December 14, 2018, and not during the spring semester, as originally reported. To address this error, clarifications and corrections to the text of the article, the eMethods in the Supplement, and the label on the x-axis of Figure 1 have been made. In addition, a correction to the Conflicts of Interest Disclosures has been made to include the author’s disclosure of testifying as an unpaid expert before the Connecticut General Assembly’s Public Health Committee on proposed tobacco flavor ban legislation in February 2021. A Letter of Explanation 2 has been published that explains the errors. This article was corrected online.

Error in Open Access Status: The Original Investigation titled “Developmental Variability in Autism Across 17 000 Autistic Individuals and 4000 Siblings Without an Autism Diagnosis,” 1 published on July 18, 2022, was corrected to update the article’s Open Access status.

Error in Text: In the Patient Page titled “Social Media Use in Children and Adolescents,” 1 published in the July 2022 issue, the third sentence in the second paragraph was corrected to reflect updated terminology. This article was corrected online.
