CORRECTION

Errors in Supplement: In the Research Letter “Detection of Messenger RNA COVID-19 Vaccines in Human Breast Milk,”1 published online first on September 26, 2022, there was an error in the eMethods in the Supplement. The study period was in 2021, not 2020. In addition, corrections were made to typographical errors in the eMethods text to fix punctuation and repetition. This article was corrected online.
